WORK AND GAIN EDUCATION AND EMPLOYMENT SKILLS

18-24 YOUTH PROGRAM

"THE CHOICE IS YOURS"

The Work and Gain Education and Employment (WAGEES) project is designed to help youth ages 18-24 ex offenders, non high school graduates, individuals with juvenile records, and individuals preparing for release in to the community find their rightful spot in today's society. We recognize and honor these temporarily-disadvantaged ex-offenders, and high school drop-outs; treating each with the respect they so richly deserve. WAGEES offers to train and uplift our youth to self-sufficiency through mentoring, education, training, vital work experience, and home life. The program design allows candidates to go through an intensive intake skills based assessment that allows the candidate to identify their strengths, weaknesses, potential risk factors and current barriers. Program staff are assigned to work with enrolled clients after the assessment, and eligibility has been completed in developing a comprehensive education and employment plan that will lead the participant into meaningful employment by addressing their barriers and building their employment skills based on strengths and weaknesses.

We look forward to helping you make the next decision in your life, contact us now to get started.
